Full System Role-Based Workflow

What each role can do — and from where

End-to-end workflows for Project Manager, Assistant Manager, Team Leader, QA, and Agent. Admin / Super Admin privileged steps are summarized here and detailed in a separate document.

Document type	System workflow reference
Audience	Managers, supervisors, QA leads
Date	18 September 2026
Classification	Internal / Confidential

1. How to Read This Document

Term	Meaning
From where	Menu path in the app (Header → screen → action)
What they can do	View, Edit, Submit, Export, Manage
Scope	Self · Team · Assigned agents · Entire organization

Role	Lands on after login	Data they usually see
Project Manager	Dashboard	Entire organization
Assistant Manager	Dashboard	Own team / assigned agents
Assistant Team Leader	Dashboard	Own team only
QA	Dashboard	Assigned agents (+ own)
Agent	Tracker screen	Own data only

Admin and Super Admin approve roster and manage locks/holidays — see the privileged access PDF for full detail.

2. End-to-End Business Workflows

2.1 Daily Work Tracking

```
Agent → Header → Tracker → Submit
        ↓
Managers / QA see it in:
  Tracker Report · Billable Report · Agent Files & QC (PM, QA, TL as QA)
```

Role	From where	What they can do
Agent	Header → Tracker	Create / edit / submit own daily entries
Project Manager	Header → Tracker Report	View / filter / export — all org
Assistant Manager	Header → Tracker Report	View / filter / export — assigned / team
Team Leader	Header → Tracker Report	View — team only
QA	Header → Tracker Report	View — assigned agents

2.2 User Monthly Goals and Roster

```
Manage → Roster → Generate (PM / AM / Admin)
        ↓ creates monthly target + working days
Analytics → User Monthly Goal / Report
        ↓ PM / AM edit Extra Hours → Submit / Export
        ↓ Team Leader: view only
```

Role	From where	What they can do	Scope
Project Manager	Analytics → User Monthly Report	Edit Extra Hours, Submit, Export	All org
Assistant Manager	Analytics → User Monthly Goal	Edit Extra Hours, Submit, Export	Own team only
Team Leader	Analytics → User Monthly Goal	View only	Team
Agent / QA	—	No this screen	—

2.3 Roster Change → Approval

```
PM / AM / Team Leader
  Manage → Roster Management → Edit → Submit for approval
        ↓
Admin / Super Admin ONLY
  Approval Queue → Approve or Reject
        ↓
Agent / QA → My Roster (view only)
```

Role	From where	What they can do
Project Manager	Manage → Roster Management	Edit, Generate, Submit — all org
Assistant Manager	Manage → Roster Management	Edit, Generate, Submit — team locked
Team Leader	Manage → Roster Management	Edit, Submit — team (only write area for TL)
Agent / QA	Header → My Roster	View own roster only
Admin / Super Admin	Approval Queue	Approve / Reject (privileged doc)

2.4 QC / Agent Files

```
PM / QA / TL (as QA) → Agent Files & QC Report → QC Form
        ↓
Also in: QC Report Overview (PM, AM) · QA Agent Audit (PM, AM)
        · Analytics → Audit Report (QA, TL: own audits)
```

Role	From where	What they can do
Project Manager	Agent Files · QC Overview · QA Audit	View / export; open QC Form
Assistant Manager	QC Overview · QA Audit	View / export (scoped)
QA	Agent Files · My Report	QC on assigned agents; own QA hours
Team Leader	Agent Files · My Report · Analytics → Audit Report	QC like a QA where set as the QA; own QA hours; own audits
Agent	—	No Agent Files / QC Overview in normal nav

2.5 KRA

Analytics → KRA → select month and agent → view scores → notes (managers/QA) → Export Excel.

Role	KRA scope
Project Manager	All agents
Assistant Manager	Assigned agents
Team Leader	Team
QA	Assigned agents
Agent	Self only

3. Role Workflows — Screen by Screen

3.1 Project Manager
